Original Product Type Certificate Number: A16WE

Make Boeing

Model 737-200, -200C Series

Description of Type Design Change: Installation of Provisions for Smoke/Fire Detection/Suppression System, in accordance with Hollingsead International Master Data List 12123, Revision D, dated July 21, 2000, or later FAA approved revision.

Installation of Smoke/Fire Detection/Suppression System, in accordance with Hollingsead International Master Data List No. 12123, Revision E, dated August 23, 2000, or later FAA approved revision.

FAA approved Airplane Flight Manual Supplement 2435-04, Revision A, dated August 23, 2000, or later FAA approved revision is required.

Limitations and Conditions: The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. A copy of this STC and Master Data List No. 12123 must be included in the permanent record of the aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 6, 1999

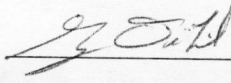

Date reissued: May 7, 2007; June 10, 2009

Date of issuance: July 21, 2000

Date amended: August 24, 2000
